

PEPID™ EMERGENCY PHYSICIAN SUITE

PEPID™ Emergency Physician Suite (ED) is the complete, proven reference tool and drug database designed by emergency physicians for emergency physicians. Available online as well as for Palm®, PocketPC®, Windows Mobile® and BlackBerry® handheld devices, PEPID ED gives you instant access to 6,500 drugs, herbals, and OTC medications, over 2,350 medical topics, medical calculators, and an integrated drug interactions generator.

ED physicians rely on PEPID because it integrates the full-spectrum of emergency medicine into a single resource. From the common to the atypical, PEPID ED gives you instant access to detailed information on trauma, toxicology, procedures, CBRNE, ACLS, psychiatric and pediatric conditions. When seconds count, PEPID saves you time and ensures that you are making accurate patient care decisions.

PEPID is committed to providing you with the most accurate and latest information and has recently partnered with the American Academy of Emergency Medicine (AAEM). AAEM's editors will provide content review and revision of PEPID's emergency content.

PEPID's fully-integrated content will help you to:

- employ best-practice methods
- maximize safety
- increase productivity
- ensure quality-of-care
- improve workflow
- and save time

From pediatrics to geriatrics, content includes everything you may need to know anytime at the point-of-care.

PEPID™ Lab Manual

Consider adding PEPID's Lab Manual to your subscription. Containing nearly 300 lab tests, clinicians can have instant access to critical values, tests, descriptions, crucial ordering points, method differences, normal reference ranges, related tests, equations and much more!

PRODUCT DETAILS AND SPECIFICATIONS

2,350 Disease and Medical Topics

Ensure quality of care with our comprehensive, integrated medical content. Logically organized for ease of use in practice; it includes background, pathophysiology, diagnosis, treatment and disposition on disease and medical topics.

Drug Interactions Generator

Maximize safety by utilizing our drug interactions generator. Check up to 40 drugs simultaneously and identify seriousness of interactions rated on a scale of 1-5. Each interaction is accompanied with an explanation of the effects of the interaction.

Evidence-Based Medicine

Employ best-practice methods by referencing the evidence-based researched found in PEPID. PEPID delivers key evidenced-based topics and related inquiries for busy emergency physicians.

Over 3,000 Dosing Calculators and Medical Calculators

Make accurate patient-care decisions. Provides quick access to virtually any calculation you need such as glomerular filtration rate, acidosis, creatinine clearance and much more!

Complete No. 1 Rated Drug Database

Save time by accessing drug information without leaving the patient's side. Includes over 6,500 drug names, herbal remedies and OTC medications with extensive kinetics and mechanism of action information, overdose management, and trade/cost information. Developed with the American Society of Health-System Pharmacists.

Faster Access to the Information You Need

PEPID navigation, TOC and Index are designed for easy, fast, flexible access to our comprehensive medical and drug databases. Faster access to the information you need, means higher productivity and better workflow.

Internationally Comprehensive

SI Lab Units presented along with American units, an SI calculator, complete metric conversion calculators, and even includes 1,200 Canadian drug trade names in drug monographs and incorporated into the Drug Interactions Generator.
